

# IRP1 Workshop #1

## Day 2 – Delivering the Transition Strategy

**Wednesday, 30 November 2016, 9:00am to 4:30pm**

**University of Western Australia, Civil & Mechanical Engineering Building, Room 245**

The purpose of this workshop day is to develop processes that draw on insights and results from CRCWSC research and tools, as well as local stakeholder knowledge, to support implementation of Perth's water sensitive city transition strategy through target-setting, action planning, and monitoring. This will also inform the development of a CRCWSC platform to support transition processes in other cities.

Serial	Time	Activity	Comments
1	9:00 AM	Introduction to IRP1 for new participants	Briony Rogers
